Describe current condition and damage of the instrument and/or accessories:

I agree to see that the instrument loaned to my child is properly cared for and returned when requested. I agree to pay the rental fee of \$60 a semester for the instrument loaned to my child. This fee covers basic maintenance and normal wear and tear of the instrument only. The fee will not apply to any repair or replacement costs should the instrument become damaged, lost, or stolen. In case of loss or any damage to the instrument while loaned to my child, I will immediately notify the band directors. I understand that no repairs are to be made without the permission of the band directors. I further agree to pay for the repair and/or replacement of the instrument should my child be found to have intentionally damage the instrument or to have not maintained it properly. Students should not lend or rent the instrument to another person. Lastly, I agree that the instrument will be returned on demand to the instructor without recourse or refund.

I fully understand and agree to the terms of this rental agreement.
